

# Low Dose Naltrexone

---

COMPOUNDING WITHOUT  
COMPROMISE SINCE 1962

This drug was compounded for you by O'Brien Pharmacy according to your provider's prescription. CAUTION Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed. This information is provided in addition to the written information and pharmacist consultation you received. No standardized patient information is available for this compound.

## Use

Common use of this medication include adjunct treatment for chronic pain, fatigue syndromes, or autoimmune, neurologic, or inflammatory conditions.

## Side Effects

Side effects may include sleep disturbances or vivid dreams which tend to resolve with continued use. You may experience GI upset, nausea, fatigue, or headache.

## Precautions

Advise your prescriber if you are pregnant or nursing. This drug may counter the effects of immunosuppressive drugs and certain pain medications. Report unusual pain, yellowing of the skin or eyes, or severe mood changes to provider.

## Directions

Take by mouth once daily, typically at around 9PM or bedtime, or as directed. If you forget your dose, take the medication if it is still nighttime. Otherwise, skip the dose and resume the following night. Do not double up after a missed dose.

## Storage

Store in dry place at room temperature.

Do not flush unused medications or pour down a sink or drain. You have the right to know about the proper use of your medication and its effects. A pharmacist is available for consult Mon. - Fri. 10 a.m. to 6 p.m. Central Time by calling the pharmacy at 800-627-4360. Patients in California will receive a return call on Saturdays for voicemails left by noon Central Time (10 a.m. Pacific Time).
