

COMPOUNDING WITHOUT  
COMPROMISE SINCE 1962

# Methylene Blue Capsules

---

This drug was compounded for you by O'Brien Pharmacy according to your provider's prescription. **CAUTION** Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed. This information is provided in addition to the written information and pharmacist consultation you received. No standardized patient information is available for this compound.

## Uses

This medication might be used for treatment of certain metabolic or mitochondrial conditions, management of urinary symptoms, supportive therapy for neurologic or fatigue-related conditions, or other individualized therapeutic uses as determined by your prescriber.

## Side Effects

Side effects may include blue-green urine, stool, sweat, or saliva. You may experience changes in taste, nausea, restlessness, abdominal pain, rash, or dizziness. Seek medical attention right away for shortness of breath, chest pain, confusion, agitation, fever, muscle stiffness, severe headache, or signs of allergic reaction like hives or swelling.

## Precautions

Do not use this medication if you are pregnant or breastfeeding. There is a genetic condition that is a contraindication for taking this drug. Your prescriber may conduct a genetic test to determine if this medication is safe for you to take. Tell your prescriber or pharmacist if you take antidepressants, stimulants, or serotonergic medications. Use with caution in those with kidney or liver disease. This medication has drug and supplement interactions, always provide a complete list of what you are taking.

## Storage

Store at room temperature and note beyond use date. Keep out of reach of children and pets. Exposure to high temperatures may cause medication to leak from capsules. Do not dispose of medication in waterways, flush unused medications, or pour down a sink or drain.

You have the right to know about the proper use of your medication and its effects. A pharmacist is available for consult Mon. - Fri. 10 a.m. to 6 p.m. Central Time by calling the pharmacy at 800-627-4360. Patients in California will receive a return call on Saturdays for voicemails left by noon Central Time (10 a.m. Pacific Time).
