

Otic Capsules

COMPOUNDING WITHOUT
COMPROMISE SINCE 1962

This drug was compounded for you by O'Brien Pharmacy according to your provider's prescription. **CAUTION** Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed. This information is provided in addition to the written information and pharmacist consultation you received. No standardized patient information is available for this compound.

Use

This medication is commonly used to treat or prevent an ear infection.

Side Effects

This medication works locally and systemic side effects are not expected. Report any unusual side effects to your prescriber.

Precautions

Do not use if allergic to any ingredients. Report to your prescriber if condition worsens or does not improve.

Directions

Do not swallow. Remove tip of insufflator. Remove small top of capsule and insert open end towards the bulb. Replace insufflator tip. Store apparatus tip down, bulb up between uses. Remove any wax or fluids with a warm cloth, being sure to keep moisture out of the tip and powder container. Insert tip just inside threshold of ear canal before puffing powder. For use in the ear, not oral use. Refer to insufflator instructions.

Storage

Store at room temperature in a dry place. Store loaded insufflator with bulb upright. Do not dispose of medication in waterways, flush unused medications, or pour down a sink or drain.

You have the right to know about the proper use of your medication and its effects. A pharmacist is available for consult Mon. - Fri. 10 a.m. to 6 p.m. Central Time by calling the pharmacy at 800-627-4360. Patients in California will receive a return call on Saturdays for voicemails left by noon Central Time (10 a.m. Pacific Time).
